

BRIT LEELAA

Let your UK dream come true

We specialize in International Student Management in the UK
ONLY UK

We have sponsored more than 200 Skilled Workers on UK Work Permits in the past.
We are constantly working to help international students to gain outstanding Student Life Experiences in the UK, whilst they study.

Director's Quote

“ Many people from India have already experienced UK life. Now they see life in a bigger view and to most of them, the UK or London is a second home, a frequent business destination. Great transformations happen in great places and Britain is one of such places. We can help you to win such a life. ”

-(EE, The Founder of Brit Leelaa UK Limited)

“ If your goal is to gain the best student life experience in UK, then we are the one stop for you ”

Human Life is a one time opportunity on earth. The core satisfaction of it comes from various life experiences. Some of these life experiences may become your best experiences and may help you lead your life at an entirely different level than your fellow human beings.

British Life Experience Is One Such Experience.

That's when Your Eye becomes a London Eye.

- (EE, The Founder of Brit Leelaa)

Concept

“You see the birds in the picture? They always move. It is not because they are incapable of life at one location, but because they see life at various next levels. They know that life is beautiful when explored. They are just birds, so small when compared to humans. How much more should humans explore life? I leave you with that imagination in your thoughts....., Come on Fly High”

People go to UK generally and most commonly as

STUDENTS

UK Education has proved to be great for so many years now. Whether it is for a short-term course or for a full-time regular study or for research -- whatever you want to do, it stands out to be the best.

We have flexible ways of setting you up for the suitable study. We have seen students from all over the world who have come to the UK and we have helped them with the next things they needed in the UK, in addition to what we have offered to them before they moved into the UK.

Tier 4 visas are the most common visas for students. There are other study visas that are designed for special purposes, however, we will advise you the best at the time of your discussion with us. **CONTACT US TODAY to KNOW MORE.**

We recruit students from all educational backgrounds. We also recruit researchers to pursue their research in the UK universities. We have offered complete expert solutions for our previous students.

After the course completion, students can apply for a Post Study Work Visa for 2 years. We can help you with this step further. We can also help you find sponsors.

“There are things in life that come by chance at a given time and you have to choose them without second thought because when the time passes by, you may lose these things. Going to the UK is like that. Staying in countries like the UK has helped many of us in many ways.”

MBA and PGCE are the most common courses we have suggested in the past, based on our UK market research. The traditional progression after PGCE would be to become a teacher in UK/International schools, and with an MBA it would be to start as an Entrepreneur in the UK and India. MBA graduates usually start as consultants offering their services and knowledge for a fee, however, our previous students excelled up to building great businesses in the UK and India. UK Universities also offer professional doctorates in your field of studies, Example: DBA.

Many courses will allow you to do a paid work placement while pursuing your course. After PGCE, UK based supply teachers usually earn at least GBP 150.00 per day.

The PG courses are generally 12 to 14 months long and your study visas are provided for 1 year 4 months usually, after which you can extend your UK stay by switching your visa to another appropriate visa category inside the UK, based on your work or business opportunity, most commonly into sponsored routes.

We can help you with all these things as you progress with us.

Our placements are not limited to PGCE and MBA. We recruit for all courses ranging from High School to Post Graduate level. It is better to talk to us about your interests and goals. We will then interview you and match you with the best in the UK. There is no age barrier. Student visa holders can work up to 20 hours per week all over the UK. We can help you with all you need in regards to your 20 hours work and most students work within Brit Leelaa UK only.

Our most trusted strategic plan in the last three years was to place our candidates in London first and then make them experience the rest of the UK through work placements all over the UK. Most of our candidates work in London, however we cover all of the UK with our job placements.

We can place you in any University or College in the UK
